## PROFILE SUMMARY

To Secure a challenging position where I can effectively contribute skills as professional possessing competent technical skills in the best possible way for fulfillment of organization goal.

## EDUCATION

2023 - 2026

T.S. SRINIVASAN POLYTECHNIC COLLEGE

- Computer Engineering With IOT

SSLC

VELAMMAL MATRIC.HR SEC.SCHOOL

- GPA: 62 %

## SKILLS

- Cooking
- Teamwork
- Time Management
- Customer support

## LANGUAGES

- English: Fluent
- Tamil : Fluent
- Kannada: Fluent

## AREAS OF INTEREST

- Web Technologies
- lot
- Programming Languages
- Cyber Security

## PROJECTS

lot Based Smart Fire Alarm And Security System

An IoT-based Smart Fire Alarm and Security System is an integrated safety solution that combines fire detection, gas leakage monitoring, and intrusion prevention with the power of the Internet of Things. The system uses a variety of sensors such as smoke detectors, flame sensors, gas sensors, temperature and humidity sensors, PIR motion detectors, and magnetic switches for doors and windows to constantly monitor the environment.

## INTERNSHIP

Company :Omsevel Softwares

Omsevel Softwares, based in Chennai, offers internship opportunities for students and fresh graduates who are interested in gaining hands-on experience in the IT industry.

Company :Diya Edu labs pvt.ltd

Completed a hands-on robotics internship at Diya Robotics (Diya Edu Labs Pvt. Ltd.) from December 2025 to May 2026, where practical exposure to robotics, IoT, and automation technologies was gained. Worked with sensors, microcontrollers, and robotic components to design and test small-scale projects
